Stony Ridge Farm	Lorrie Season												
Planting Schedule	Zone 6a												
3rd Week February													
Direct Seed:	Arugula	spinach	carrot	radish	beet	chard	scallions	peas	onions	salad mix			
Start Seeds:	Cabbage	Kale	Collards	Lead Lettuce	celery	broccoli	cauliflower	Kohlrabi					
4th Week February													
Start Seeds:	tomatoes	basil	cucumber	egg plant	pepper								
1st Week March:													
Direct Seed:	Arugula	spinach	beets	chard	carrot	onion	scallion	radicchio	lettuce mix	mustard	peas	turnips	
3rd Week March:													
Start Seeds:	bush beans	cabbage	kale	collards	broccoli	cauliflower	kohlrabi						
Transplant:	1st round brassicas	lettuce	celery										
4th Week March													
Direct Plant:	carrot	cilantro	beets	onions	spinach								
1st Week April													
Transplant:	broccoli	cabbage	cauliflower	collards	kale	mustard	lettuce	onion					
Start Seeds:	lettuce	bush beans	brassicas										
2nd Week April													
Transplant:	tomatoes	egg plant	pepper	cucumber	bush beans								
Plant:	potatoes	peas											
3rd Week April													
Plant Seeds:	Sweet Potato	Watermelon											
Start Seeds:	summer squash	zucchini	watermelon										
4th Week April													
Direct Seed:	salad mix	carrots	beets	spinach	radish								
Start Seeds:	tomatoes	basil	peppers	eggplant	cucumber	bush beans and pole beans							
1st Week May													
Start Seeds:	summer squash	watermelon	antelope	okra	brussel sprouts								
2nd Week May	round 1 of corn												
3rd Week May													
Transplant:	tomatoes	peppers	eggplant	basil	summer squash	sweet potatoes	cucumbers	watermelon	bush/pole beans				
4th Week May													
Direct Seed:	round 2 of corn												
Start Seeds:	basil	tomatoes	eggplant	winter squash	summer squash	watermelon	cantaloupe	peppers	brussel sprouts				
1st Week June													
Transplant:	winter squash												
Start seeds:	round 2 of winter squash	pumpkins	gourds	cabbage									
Direct Seed:	ornamental corn	sweet potatoes											
3rd Week June													
Transplant	last round of solanaceae	basil	cucumbers	brussel sprouts									
4th Week June													

Transplant	Early Fall Cabbage																			
1st Week August																				
Start Seeds:	bush beans	broccoli																		
Direct Seed	beets	turnips	carrots																	
3rd Week August																				
Start Seeds:	broccoli	Cabbage																		
4th Week August:																				
Direct Seed:	beets	Mustard	Greens	Carrots																
1st Week September																				
Start Seed:	head lettuce	onion																		
3rd Week September																				
Start Seed:	broccoli	cauliflower	cabbage	kale	kohlrabi															
Direct Seed:	carrot	beet	chard	spinach																
4th Week September																				
Direct Seed in Tunnels:	carrots	beets	salad greens	chard	spinach															
Direct Seed Outside:	carrots	beets	chard	spinach																
Start Seed:	head lettuce	onion
